	IMAG	ERY INFORMATION REF	PORT
		TO THE CSA-1 TRACKING A	
(TSR) Modified at the S	cations San-yuan	to two CSA-1 tracking an SAM Training Area, Chir	nd guidance radars were
odified FAN SONG,	was ini	r, previously identified tially observed in this	area
radar (Figure 1).	. The ra	onfirmed and has been de adar is near the center Idition of two parabolic	esignated as the San-yuan of the installation and
n the end of the l	horizonta	al trough. The top dist	1
and has a stic	ck feed.	A second dish,	is
ounted directly be ach dish is attacl	elow the hed to th	top dish; a stick feed ne radar by an arm.	was not discernible.
		itu not de defemblied: n	INWEVER THEY did not
ppear to be as lar AN SONG E radar. (TSR) The mod AM training area i	rge as th lificatio indicate	ons to the tracking and that an active and ongo	guidance radars at this
ppear to be as lar AN SONG E radar. (TSR) The mod AM training area i	rge as th lificatio indicate	ne dish antennas that ar ons to the tracking and	guidance radars at this
ppear to be as lar AN SONG E radar. (TSR) The mod AM training area i	rge as th lificatio indicate	ne dish antennas that ar ons to the tracking and that an active and ongo	guidance radars at this
ppear to be as lar AN SONG E radar. (TSR) The mod AM training area i	rge as th lificatio indicate	ne dish antennas that ar ons to the tracking and that an active and ongo	guidance radars at this
ppear to be as lar AN SONG E radar. (TSR) The mod AM training area i	rge as th lificatio indicate	ne dish antennas that ar ons to the tracking and that an active and ongo	guidance radars at this
ppear to be as lar AN SONG E radar. (TSR) The mod AM training area in pgrade the electro	rge as th	ne dish antennas that ar ons to the tracking and that an active and ongo	guidance radars at this
TO BE AS larger to be as larger to be as larger to be as larger to some and the mode and training area is parade the electrons of the source o	rge as th	ne dish antennas that ar ons to the tracking and that an active and ongo	guidance radars at this
TO BE AS larger to be as larger to be as larger to be as larger to some and the mode and training area is parade the electrons of the source o	rge as th	ne dish antennas that ar ons to the tracking and that an active and ongo	guidance radars at this ing program designed to ystem is underway.
TO BE AS larger to be as larger to be as larger to be as larger to some and the mode and training area is parade the electrons of the source o	rge as th	ne dish antennas that ar ons to the tracking and that an active and ongo	guidance radars at this
ppear to be as lar AN SONG E radar. (TSR) The mod AM training area in pgrade the electrons	rge as th	ne dish antennas that ar ons to the tracking and that an active and ongo	guidance radars at this ing program designed to ystem is underway.
ppear to be as lar AN SONG E radar. (TSR) The mod AM training area in pgrade the electrons	rge as th	ne dish antennas that ar ons to the tracking and that an active and ongo	guidance radars at this ing program designed to ystem is underway.
ppear to be as lar AN SONG E radar. (TSR) The mod AM training area i	rge as th	ne dish antennas that ar ons to the tracking and that an active and ongo	guidance radars at this ing program designed to ystem is underway.
AANING NOTICE	rge as th	ne dish antennas that ar ons to the tracking and that an active and ongo	guidance radars at this ing program designed to ystem is underway.
